**At Oceanex we
take safety seriously!**

Oceanex is currently ISO Certified 9001-2008 and we are ensuring proper Preventative Control Programs (PCP) are in place and fully compliant with all governmental requirements.

Safety is our priority and one of our core values - food safety is no exception

www.oceanex.com

Reliability and Consistency

- No matter the weather, our ice-class cargo vessels sail year-round
- Service exceeding 99% on-time performance
- Delivering your temperature sensitive products consistently and on time
- Twice-weekly scheduled roundtrip sailings from Montreal, Halifax and St. John's

*“Delivering freshness
right to your door”*

Oceanex has designed a unique 53' marine-rated container built for our specific market conditions. Each unit is equipped with an ArrowSpot tracking system, a dedicated monitoring device, allowing for 24/7 tracking, temperature monitoring and control.

Our 53' refrigerated containers operate on a dual-energy source, both electric & diesel, which allows us the flexibility to operate safely at all times. Furthermore these units allow us to reduce our carbon footprint and provide a greener, more environmentally responsible alternative.
